

Tell us about your experience at GEOS Montreal!

Hi!!

My name is Jasreen. I am from India. I am a student of french course. It has been a very great experience while taking my french course at GEOS Montreal. Teachers and students are very co-operative and helpful. Study is excellent and more practical. It helps a lot to improve my knowledge and skills. Montreal, in itself is a very good place to live-in, as you have a very affordable life. There are lots of tourist places, great atmosphere and, friendly and co-operative nature of people. I like it a lot.

Thankyou.
